Mom, there's times when I feel you right beside me and I love this feeling. I want you with me always. God had everything planned and now your going to have what you've always looked forward to, to be sitting with the Lord. Mom, you left your most precious gift with all of us, your love for God and your love for all your family and friends, so many precious memories. We could have never thanked you enough for all you did for us. You were always so willing to help, to give advice and pray for us. I've saved many notes from your items and as I read them I realized even more of the loving person you were and how you always thought of others before yourself. It brings peace to me to know that you are at peace and you have the rewards given to you that God promised. I will cherish the life I had with you and our family. I will never forget to thank God for you and dad. I miss you mom and I will always be so grateful for your love and you being my mother.
