My sincere condolences to all the family. My brother an I met Ray at the recycling bins at Jacob Park. He asked if I had any plastic bottles so from then on I would save them for him and every Sunday we would meet him there or drive by his home and drop them off. He was a wonderful person and we will miss seeing him. May he now rest in God's eternal peace. He is one of God's angels now.

I worked with Ray at Patio Pools for almost 30 years until his retirement. Ray was an inspiration to all the people he worked with. He worked harder than anybody, no matter how hot it was outside, rain or shine or after dark. He could fix anything and truly loved a challenge. He gave his heart for our customers and they sent many letters of praise reflecting his commitment to doing a good job. Ray was always the guy you could reach in an emergency. He loved to solve problems and our customers loved him. He was a great person and he will be truly missed by family, friends and all those who crossed his path. Your Friend, Mark Ragel

Popie I remember our Easter celebrations at silver bell lake and you always finding the quiet spot under a shady tree with pole in one hand and Sunkist in the other. Love you so much and miss you already. The greatest grandfather and great grandfather to my children. May the fish always be plentiful now for you.

Raymond... it's been 9 years and I miss you as much today as when you passed away. Every time I find a coin (s) on the ground, as I picked it up I always think of you! I will never forget when I asked you why you pick up the penny, you told me "that make me a penny richer than the poor bastard who lost it!" Ahaha... things that stick with us right? I hope you found that one fish that swallowed that 4 carat Diamond. YOU'RE RICH!! I miss and still love you very much. Pam

I only got to met him once and from that time he left a lasting memory in my mind. It was so fun to watch the brothers together they were quite funny. He always talked about his favorite show all the time he was here. I am so glad that he got to go back and see the house he grew up and met all of the Widmayer Clan. I think he was a great brother to my dad and father to all of his daughters. Someday I hope to meet up with him again. Love you Raymond!
