Karen, your mother was a very special person to me. I worked for her for eleven years and enjoyed every single day! She taught me so much about being a hard worker, a good person and a caring friend. I will miss her, however, like you I have many wonderful memories that will always keep her close to my heart. Thank you for sharing her with me. Love and prayers, Phyllis Perez

Karen, we are so sorry for the loss of your Mother. Betty was a very dear friend to my Mother. We enjoyed spending some time with her and she taught me to make her special peanut brittle. I'm sure she and my mom are enjoying themselves together again. Take care, Paula and Gabby Martinez
