**Michael Katz** posted:

The best grandmother a human could ask for. So compassionate, empathetic, and strong minded during times of grief and struggle. I will never forget everything you did for me as a child, from going school clothes shopping, to picking me up when I had no other options, to supporting me and providing direction and inspiration in dire times. You'll always be a major influence in my life and for that, I am eternally grateful. Love you forever Nana.
