Mom, I know in the past we had our ups and downs, I miss you everyday I wish I can call you. I know how much life and everything you gave for everyone and sacrificed. You took in Austin and the kids before we were even married. We all just want to call you and let you know everything going on like we use to. We cleared out your apartment and that was tough on all of us. Dad even was crying and I know it hurts him to see us all hurt. The turn out for the service was huge everyone missing you and wanting to call you. I love you mom I wish I can just call you and talk to you one last time. I miss you so much this is not fair to us. I wish you would of told us everything going on so we could of done a big thing with everyone. I know you are up there with Nana Betty and Tata Cosme say hi to them and I know you are watching over us and we will make sure to make you proud of the 3 of us. I love you mom

Anne Dominguez lit a candle in honor of Ignacia.

Its was almost everyday speaking or see her. To nothing. She leaves behind memory's I will always cherish. She was like a mother,a sister, she was my best friend. She was my ride or die and just as stubborn as I. Thats why I love her. She would retreat me kids as if they were hers and they knew not to mess with her.

From the chancla coming off to hugs and kisses . She was my rock my safe place. Now she's in heaven looking down on us. Always in my heart forever in my memories I love you Jane. Till we meet again.
