Paul was my friend as I was growing up. I spent an awful lot of time at his parents house on 33rd street. He introduced me to rock and roll, musical movies and theater, The Who,so many things. The first car I ever drove was his '64 Impala.I just found out last night that he wound up living just around the block from where I live now.I googled him to try to get a phone number and instead, I found this obituary.I would have liked to reconnect. I'm very sorry for his family's loss.
