On the first night that you left us, I looked up at the sky
My Darling where are you and a shooting star went by.
Can you hear me ? Are you there ? Riding meteors through the sky somewhere ? Over the moon
and past the stars, keeping watch from afar.
I cannot hear your voice, nor your touch can I feel, but the memories are there, my faith is real.
You are keeping watch, you are somewhere near, I can feel your presence, I know you can hear.
So this message to you will come to you on the wind
I love you, I miss you my partner, my friend.

Memories only last if you share them
