**Adrianna Vera** posted:

Michael, or Mike as I knew him, came to Tucson, Arizona in 2020 to work at Raytheon Technologies as an electrical engineer. That is when I met him. We worked side by side on a lot of the same programs and projects from the time he joined the company right up until the week of his passing. I want to express my sincere condolences to Mike's family and friends back east. Just know that even though he was far away from home, there was a community of people in Tucson who cared for him and who are deeply saddened by his loss. He may be gone, but he is not forgotten.
