Christopher Mitchell Rhodeman

APR 3, 1973 - DEC 19, 2025

Christopher Rhodeman sadly passed away on December 19, 2025, in the hospital, surrounded by his loving family, after a courageous battle with cancer. He will be fondly remembered by all who knew him and held him close. Christopher's life left a lasting impact on his family, friends, and everyone who shared moments with him.

Christopher was born in Fort Riley, Kansas, and grew up in the state, where he later met his beloved wife, Alison, at Salina Central High School. The couple celebrated 31 years of marriage this past May. Christopher and Alison moved to Arizona, where they raised their family, and later lived in Missouri and New Mexico before returning to Arizona this year, where he wished to be.

In his younger years, Christopher enjoyed an active lifestyle, including skateboarding, paintballing, riding his motorcycle, and time at the firing range. Over the years, he became a dependable "Mr. Fix-It," known for his skill, patience, and willingness to help others. He was widely respected for his calm demeanor, quiet strength, and steady presence.

Christopher proudly served in the United States Air Force for 26 years, retiring in 2018. Following his retirement, he continued working as a civilian for the Department of the Air Force until 2025. He also pursued his education with determination, earning his bachelor's degree in Public Administration with an emphasis in Criminal Justice in 2022.

He loved spending time with his family and was an avid supporter of the Kansas City Chiefs. Known for his competitive spirit, whether in cards or board games, he brought energy to every game and every moment. Christopher will be deeply missed and lovingly remembered.

He is survived by his wife, Alison Rhodeman; daughters Krystal (WC McFadden) Rhodeman and Karissa (Abigail) Rhodeman; his mother, Linda (Karvellas) Chambers; and his siblings Gregory Brown, Raymond Rhodeman, Priscilla (David) Curry, and Glenda Brown. I was married to one of Christopher's siblings at one time. When I met him, I was struck by how clear it was that he was without question, the head of the family. A leader, firm, yet gentle. He was a good man. Every good thing about him showed in his wife and children. Thank you for looking out for everyone that you could. For helping those who didn't deserve it. Today, I honor you sir. I have told your nephew what I know about you and made sure he knew that you are to be honored as well. Sincerely, KellyJo.

Today, I light this candle in loving memory of my cousin Chris. Though his time with us was far too short, his presence, laughter, and spirit will live on in our hearts. He will be deeply missed and forever remembered. My sincerest sympathy goes to his wife and daughters, his mother, and his siblings. May they feel surrounded by love, strength, and comfort during this incredibly difficult time. May this light serve as a symbol of remembrance, honoring the life that was lived and shared with all. - Tamika (Rhodeman) Atkins

So many memories! A fond memory of Chris, showcasing his kindness and steadiness, was in 2005 when we packed up in his and Alison's car to drive 600 miles round trip to help my Mom load up a uhaul and move. Shortly after leaving we got a flat tire in the desert and he didnt fluster a bit, instead he simply put on the donut tire and turned around and we repacked everyone in their truck to continue the mission. That's how I remember it. I think we even slept on my Mom's floor during the move? (mind you we were in our twenties - but he would have done that at any age for his friends). His selflessness amd sense of purpose in everything he did shines brighter than the brightest light saber. Never flustered - always facing adversity with grace and a bit of humor ♥

Although we never met Christopher we met one of his daughters, Karissa. Her gentle kind spirit lives on in her Dad. Please accept our deepest sympathy for your loss and know that he is in a better place and not feeling any pain. He is at peace. May the Grace of God comfort you at this difficult time.

When Chris was in 3rd grade, I was in 2nd grade. Chris had a great idea. Lets pretend we are going to school and explore the tunnels instead. The first day, he went to different houses and asked what time it was. He created a clock based on the suns movement. We new when it was lunch time and when we had to go home. We had fun exploring every day until our Grandma got a letter from the school asking why we have not been at school. The fun ended. 😞
