

Lincoln Chin

March 9, 1924 - March 9, 2019

Lincoln Chin, 95, went to be with the Lord on Saturday, March 9, surrounded by his loving family. He is now reunited with his wife, Alice. He is survived by his son, Frederick, of Santa Monica, Calif.; daughter, Barbara, of Tucson; and sister, Bernice Gin of Tucson. After the Army, Lincoln attended the University of Arizona. He later earned a Doctorate in Pharmacology and Toxicology from the University of Utah. His post-doctoral work included more than 31 years at the University of Arizona's College of Pharmacy, where he taught, and later became assistant dean of the school. Services are 1:30 p.m., Saturday, March 16 at EVERGREEN MORTUARY, 3015 N. Oracle Road. Visitation 12:30-1:30 p.m. Saturday at the mortuary. Memorial contributions may be made to the Tucson Chinese Baptist Church.

“ I was saddened to hear of this news. Dr. Chin was the person who interviewed me for pharmacy school and let me know I was accepted! He was a wonderful person and great teacher.

“ I was saddened at the announcement of the passing of Dr. Chin. He was my Toxicology professor in the Fall of 1977. His wealth of knowledge, good humor, gentle nature, and passion for toxicology are memories that I will carry with me always. If the University of Arizona College of Pharmacy had a Mt. Rushmore, Dr. Chin would be on it! My heartfelt sympathy to his family during this difficult time.

“ Remembering Dr. Chin as a scholar and educator but most of all a truly kind and great man. My Dad's best friend and treasured colleague. Hoping both, along with their wives (Alice and Theresa), are together again. What a marvelous reunion that must have been.
Our sincere wishes to Barbara and Fredrick for moments of wonderful memories that will lighten your hearts.

“ Dr Chin was a dedicated and productive faculty member in our Department, and a warm and compassionate person. He also had a strong moral character and deep-seated faith which helped him persevere in the caring of his beloved wife, Alice. Despite this immense personal hardship, he always had the zeal to effectively educate our Pharmacy students.
On a personal note, Dr Chin was instrumental in mentoring me as a newly hired faculty member in our College. I shall be forever grateful to him for his guidance, direction, and wit. He shall be greatly missed.
My sincere condolences to his family.

“ I was encouraged as a student by Dr. Chin. Thanks to him, I could spend nearly forty years practicing pharmacy both in Arizona and California. I saw Dr. Chin in San Francisco about ten years ago. Same gentle person that I knew back in my college days.

“ Dr. Chin was my favorite Professor/ Advisor. Over the years post graduation in Tucson, I was fortunate enough to be close to him in the Chinese community and learnt a lot from him about life. His tender caring of Alice, his late wife, was exemplary. He was community minded and spent countless hours to help others to better themselves. He will be dearly missed.

“ Special memories of first meeting Dr Lincoln Chin in 1978, and times after that while in pharmacy school at the University of Arizona. All the best well wishes to his family and loved ones. Mike Feeley, Class of '81

“ Just a wonderful memory: when our daughter Heather decided she wanted to go to pharmacy school and wanted to check out the U of A Pharmacy School, Dr. Chin spent the day with us showing us (her) all around and introducing her to everyone we came near to let them know who she was and that, hopefully, she would be a future student. She (we) were so impressed and please he would take all that time for us. We took him to lunch. Such a sweet and generous man. I remember well the education he gave to me and later to Heather.

Most sincerely and with much sadness, too,

“ As an older student looking to change careers I sought advice from several colleges. After calling the UA College of Pharmacy, I was given an appointment with Dr . Chin. I expected to be granted a few minutes of time but Dr. Chin gave me a tour of the school, explained the meaning of the bowl of Hygea and stressed the need for practioners who would promote wellness. After over two hours I was released only after promising to come back after completing the required coursework for admission. A few days later I was at home writing a thank you note to Dr. Chin when the mail came with a note from Dr. Chin thanking me! I have kept that note because I knew after that first meeting that he would continue to be an inspiration in my career. I am proud to have known this tireless advocate for our profession and those who

practice it. Dr. Chin always held Pharmacy, and those who practice it, to the highest standard. He inspired everyone to be better, to do their best. His life was a true example of service and love and his legacy lives on with all those who follow his examples of empathy, understanding, scholarship, and love.

“ One of the first memories of entering the College of Pharmacy in 1988 was meeting Dr. Chin. I recall his warmth and inclusivity and appreciated it greatly as I was a young, scared student away from home and embarking on this new educational path. I wish for you peace and solace in the days, months, and years ahead.

“ My memories of Dr Chin as a professor are those of an excellent educator and caring man Although I'm sorry to hear of his passing he remains in my life as a pharmacist. Dennis Palmer RPh class of 1976

“ When I was pharmacy school, Dr Chin was always friendly and helpful. He always encouraged. While I was working as a medical technologist, waiting to get in Pharmacy school, I use to call on break sometimes. Dr. Chin always took my call and was always helpful and made me feel like everything was good. When I did get in I would see him and he would ask me if I did my morning constitutional? I'm embarrassed to say at the time I didn't know what he meant and I had to go home and look it up. I was a competitive runner at the time and he was asking if I had got some exercise that day His calmness and thoughtfulness made an impression on me as a young man.

“ Dr. Chin will be missed but my memories of his classes and a personal scolding for speaking out of turn will always be remembered. Lincoln became a good friend and his memories and stories will always bring a smile. Rest in peace Dr. Chin.
