“ Dear Tata: I love you so much and I miss you. Thank you for everything you have taught me in my life. Thank you for all the laughs you have brought me. I appreciate you more then you'll ever know. It's hard to go day by day knowing that you're not with us anymore. I miss you more and more everyday and I will never stop missing you. I wish I was with you to see you one more time and give you a hug. I will continue to live my life and make you proud. Please watch over everyone and continue to bless us like you always have. Thank you again for everything you have given me and taught me. I love you. -Michael Searer

“ Dearest Tata,
We just can't believe that you are gone. You blessed each and every single one of us. Our lives were complete with you in them.

There will never be a day that you won't cross our minds. Our hearts hurt knowing that we will never be able to talk to you, give you a hug or to be able to laugh with you.

We will continue to do what we can to make you proud of us. There will never be another like you. We are so incredibly honored to have the opportunity to be your family. You mean everything to us. Always.

We love you and will miss you more then words will ever be able to express.
